

2022–2023 Wholesale Prebuy Program

This year, we are offering three tiers of Prebuy pricing: *Fall, Flexible,* and *Full Truckload*. We've simplified our terms to improve your ordering experience—no more calculating percentages based on dates. All listed prices include the discount.

FALL DISCOUNT

Save 15% off wholesale pricing

Order, prepay, and take delivery or pickup by December 21st, 2022.

SAVE
15%

FLEXIBLE DISCOUNT

Save 10% off wholesale pricing

Order and prepay for the product by December 21st. Then, pay for shipping and take delivery or pickup before June 30th.

SAVE
10%

FULL TRUCKLOAD DISCOUNT

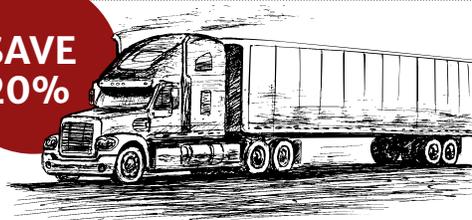

(20–24 pallets/slugs delivered to one address)

Save 20% off wholesale pricing

Order and prepay for your soil by December 21st. Schedule your order to ship before January 31st. Shipping rates will be calculated within 2 weeks of your ship date and must be paid before your order ships.

GENERAL TERMS

- All Prebuy orders must be paid for before picking up or shipping.
- Deliveries and pickups must be scheduled in advance.
- Orders are scheduled and shipped first come, first served.
- Please submit your order as soon as you are able. Turnaround times can be long during our busiest season, and inclement winter weather may delay your delivery.
- Quoted shipping rates outside of New England are only valid for 10 days.
- After December 21st, 2022 wholesale pricing will be in effect for all new orders.
- All pricing is subject to change.

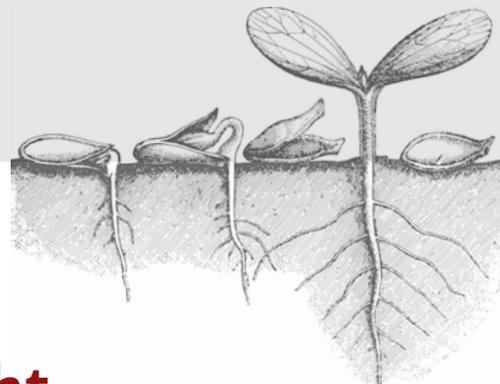

FINAL PREPAYMENT DEADLINE FOR ALL ORDERS: DECEMBER 21, 2022

Fort Vee

All Purpose Compost-Based Potting Mix

Our flagship soil, Fort Vee is a complete germinating and growing-on mix designed for soil blocking that is also excellent for trays, pots, and containers. This living soil provides balanced nutrition and exceptional texture to grow vibrant, sturdy transplants.

Blended from mature compost; sphagnum peat moss; crushed, washed, screened granite/basalt blend; coconut coir; vermiculite; gypsum; blood meal; feather meal; kelp meal; bone meal.

Fort Light

Lightweight Compost-Based Potting Mix

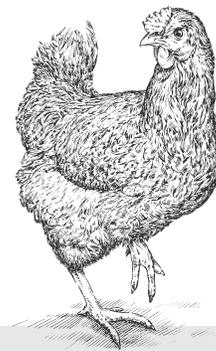

This potting soil has all the benefits of a compost-based mix plus additional drainage. A complete germinating and growing-on mix, Fort Light is particularly desirable for growers using smaller celled plastic flats or where lighter weight is preferred.

Blended from mature compost; sphagnum peat moss; coconut coir; perlite; gypsum; blood meal; feather meal; kelp meal; bone meal; vermiculite.

Fort Vee and Fort Light Pricing*

Manure Compost Living Soil Amendment

This mature compost blend is the basis of all the soil mixes we make. Carefully crafted for field and greenhouse applications, manure compost increases organic matter, soil tilth, and nutrition. Like all our products, manure compost is tested for maturity and is free of live weed seeds. Manure Compost is screened to $\frac{3}{4}$ " or less to ensure a consistent, refined product.

Blended from livestock manure and bedding; multi-species tree bark; community food scraps; ensiled forage crops; hay; sphagnum peat moss; wise old compost for process guidance.

Manure Compost Pricing*†

†Bulk manure compost is not eligible for our discount program. These prices represent a non-discounted rate.

Perennial Blend Large Container & Raised Bed Mix

Coarser than our potting soils, Perennial Blend is formulated for filling raised beds and large containers. This mix is particularly suitable for woody plants, shrubs, and herbs, and also performs well in vegetable and flower beds.

Blended from mature compost; bark; crushed, washed screened granite/basalt blend; sphagnum peat moss; coconut coir; kelp meal; blood meal; feather meal; bone meal; vermiculite.

Compost Plus

Container & Transplant Booster Mix

A nutrient-dense compost-based amendment, Compost Plus provides a blend of minerals and organic matter that improves texture and feeds the soil to nourish your plants. This amendment does not burn roots and is ideal when applied during transplant, as a midseason topdress, or to rejuvenate potted plants.

Blended from mature compost; sphagnum peat moss; crushed, washed screened granite/basalt blend; coconut coir; blood meal; feather meal; kelp meal; gypsum; bone meal; vermiculite.

Jolly Roger

Flowering & Fruiting Container Mix

Jolly Roger is specifically crafted for container cultivation of plants with high nutrient needs, including tomatoes, cannabis, and hemp. Transplant into Jolly Roger once plants are fully established, and prepare to be impressed by a vigorous vegetative phase and bountiful yield.

Blended from mature compost; sphagnum peat moss; crushed, washed screened, granite/basalt blend; coconut coir; blood meal; feather meal; kelp meal; gypsum; bone meal; vermiculite; perlite.

Vermont Compost Company

Vermont Compost Company provides premium compost and living potting soils for organic vegetable, flower, and cannabis production. For nearly 30 years, we have produced consistent mixes professional growers depend on for the health of their plants. Our customer base is made up of a thriving community of successful growers who consider Vermont Compost a valuable resource.

All ingredients used in Vermont Compost products have been approved for certified organic production. Our composting process meets the National Organic Program (NOP) standard requirements, and our products are approved by Vermont Organic Farmers (VOF), the certification branch of NOFA-VT. Our soil products are available in bulk and in bags.
